Objective:

Dynamic and results-driven Cybersecurity Analyst with a proven track record in developing and implementing robust security measures to protect organizational assets. Seeking to leverage expertise in threat analysis, incident response, and risk assessment to contribute to the security posture of a forward-thinking organization.

Professional Summary:

Detail-oriented Cybersecurity Analyst with 5+ years of experience in identifying and mitigating security threats. Proficient in conducting vulnerability assessments, analyzing security logs, and implementing security controls. Skilled in incident response management, security tool administration, and security policy development. Strong communicator and team player with a passion for staying abreast of emerging cybersecurity trends and technologies.

Education:

- Post Secondary Certificate in Cybersecurity
Bow Valley College, Calgary AB

Certifications:

- Certified Information Systems Security Professional (CISSP)
- Certified Ethical Hacker (CEH)
- CompTIA Security+
